

Den Magt som gav mig min lille Sang
 har gjort, at Livsgangens Sorg og Glæde
 har fældt livsalig som Sol og Væde
 paa Sjælens bølgende Foraarsstrang,

saa hvad end hændte,
 det bød ej ned,
 med ~~Sorg~~ det vendte

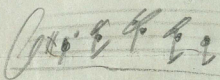

mod Kærlighed.

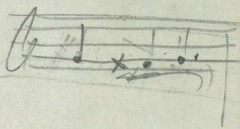

Den Magt som gav mig min lille Sang,
 den gav mig Frændskab med alt som længes
 og derfor kunde jeg aldrig stanges
 og kort kun standses af selvsygt Hang;

jeg maatte fremad,
 om end det sved,
 og fandt saa hjemad
 til Kærlighed.

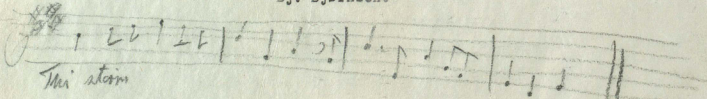

Den Magt som gav mig min lille Sang
 maa mig gi Magt til at naa de andre,
 saa jeg fra Vejen jeg faar at vandre
 kan glæde nogle en enkelt Gang.

Thi større Gammen
 jeg ikke ved
 end synge sammen
 i Kærlighed.
